

PREMIUM NON-GMO YELLOW CORN

Global Supply of Premium Agricultural Commodities

Product Presentation | Bulk Vessel Shipments Worldwide

THE PRODUCT

Our company specializes in the international supply of Premium Non-GMO Yellow Corn, sourced from carefully selected producers in Brazil, Argentina, Ukraine, and Romania. Through our established global sourcing network, we provide reliable access to high-quality agricultural commodities that consistently meet international quality and safety standards.

Non-GMO Yellow Corn is one of the world's most important agricultural commodities and is widely recognized for its exceptional nutritional value, high starch content, and versatility across multiple industries. Cultivated under carefully managed agricultural practices, the crop is harvested, cleaned, naturally dried, and quality-inspected to ensure optimum performance throughout the supply chain.

APPLICATIONS

Our Non-GMO Yellow Corn is suitable for a wide range of commercial and industrial applications:

- Poultry Feed Manufacturing
- Livestock Feed Production
- Swine & Dairy Nutrition
- Aquaculture Feed
- Corn Wet Milling Industry
- Corn Starch Manufacturing
- Glucose, Dextrose & Sweetener Production
- Ethanol & Fermentation Industries
- Food Processing Industry
- Corn Flour & Corn Grits Mills
- Human Consumption (subject to destination country regulations and required food-grade specifications)

Each shipment is supplied according to internationally accepted specifications, ensuring excellent nutritional characteristics, consistent quality, and reliable industrial performance.

ORIGIN, SHIPMENT & LOGISTICS

Origin

Available origins include:

- Brazil
- Argentina
- Ukraine
- Romania

Alternative origins may be offered depending on seasonal availability and customer requirements.

Shipment & Logistics

We specialize exclusively in Bulk Vessel Shipments for medium and large-volume international contracts.

Shipment Type: Bulk Cargo

Containerized shipments and bagged cargo are not offered for this commodity.

Our logistics partners enable us to deliver cargo efficiently to major international ports worldwide, while maintaining strict compliance with contractual schedules and international shipping standards.

QUALITY ASSURANCE & PAYMENT TERMS

Quality Assurance

Every shipment is supported by internationally recognized inspection and documentation, which may include:

- Certificate of Origin
- Phytosanitary Certificate
- SGS or Equivalent Independent Inspection Certificate
- Commercial Invoice
- Packing & Shipping Documents

Additional documentation can be provided according to the import regulations of the destination country.

Payment Terms

To ensure maximum financial security and transparency for both parties, we accept the following payment methods:

- 100% Irrevocable, Confirmed Letter of Credit (L/C) at Sight
- Irrevocable, Confirmed Usance Letter of Credit (L/C) with deferred payment terms of 90 or 120 days, confirmed by a first-class internationally recognized bank

OUR COMMITMENT

We are committed to delivering premium agricultural commodities with competitive pricing, dependable supply, professional execution, and complete transparency throughout every stage of the transaction.

Our objective is to establish long-term partnerships by providing consistent quality, reliable logistics, responsive customer service, and international trade solutions that create lasting value for our clients worldwide.
